

Compliance with Health and Safety Directives

As it is every member's responsibility to contribute to the creation of a healthy and safe community, students are required to comply with University health and safety directives, guidelines, rules, regulations and protocols in times of emergency and/or public health concern, both on and off the campus. Violations may be referred for action under the [Code of Student Conduct](#). Non-compliance with University mandated regulations may also result in other administrative action including but not limited to revocation of class registration, loss of campus residency, and/or a hold on records.

In cases where, in the University's sole discretion, there may be an immediate health and safety concern, students and student organizations may be subject to interim administrative measures, including but not limited to, removal from campus, interim suspension, or other restrictions until such time the University can collect more information and determine an appropriate course of action.
